### TIN MATCHING SERVICE

Our optional "TIN Check Service" can be added to an order when you use either of our "Print, Mail & eFiling" or "eFiling Only" services. With the "TIN Check Service" we verify that the Taxpayer Identification Numbers (TIN) used in your forms are correct.

A TIN Name mismatch occurs when the IRS cannot match the TIN and Name to the IRS databases. A TIN can be either a Social Security Number (SSN) or an Employer Identification Number (EIN). Each mismatch can result in a \$250 penalty from the IRS as per the "Small Business Jobs and Credit Act of 2010."
