ISLAND KIOSK
The Ideal Self Service Solution for Printing and More!

The Island Kiosk creates an interactive self service hub for offices, campuses, lobbies and other common spaces in the business world. This flexible kiosk solution can be configured with up to four countertop kiosks and up to two printers (either laser or thermal).

Each kiosk machine is equipped with a robust computer, powerful kiosk software and a 19" interactive touch screen display.

The Island Kiosk is commonly used to provide printing services, network access and more in areas where these needs are in demand by multiple users.

The sleek, modern form factor of the Island Kiosk instantly creates an attention getting self service workstation in any open area.

*Center island mast optional
