

B2BGATEWAY.NET[®]
GLOBAL EDI & API NETWORK

Evolve 2018
Embrace. Create. Innovate.

B2BGateway is Exhibiting their EDI and API connectivity solutions at Evolve 2018 for Exact Macola.

B2BGateway will be exhibiting at Evolve 2018 in Chicago, Illinois in April. During the show, B2BGateway will be showcasing their EDI and API connectivity solutions for all Exact Macola users at Booth 8. B2BGateway offers Fully Managed EDI & API Connectivity solutions that are 100% built and maintained by B2BGateway developers. B2BGateway's solutions facilitate the seamless exchange of any business documents such as purchase orders, invoices, inventory updates, and advanced shipping notices. B2BGateway supports any communication method (FTP, AS2, HTTP, etc) and any file type (X12, XML, EDIFACT, CSV, etc). B2BGateway's solutions are simple to use, competitively priced, and eliminates the need for manual data entry that result in costly chargebacks.

So why work with B2BGateway? There are many benefits of incorporating EDI into the manufacturing industry.

- Ensure real time end to end visibility into all data streams for better decision making.
- Lower costs and overhead by reducing errors and potential chargebacks.
- Establish a full, seamless communication process with all parties in the supply chain including OEMs, suppliers, customers and 3PLs.
- Better engagement and response times from trading partners.
- Guarantee on-time file delivery to meet JIT principles and adhere to SLAs.

Exact Macola

Let the experts at B2BGateway manage the connectivity so you can manage your business. Visit B2BGateway at Booth 8 at Evolve 2018 and talk to us on how connecting B2BGateway's EDI and API solutions with Exact Macola can enhance and streamline your business. One of B2BGateway's dedicated Business Development Representatives, Mark Morrone, will be in attendance at Evolve 2018 speaking about the many benefits of B2BGateway's EDI and API connectivity solutions. We look forward to seeing you at there!
