# DROPSUITE, IT'S A NO-BRAINER.

**Great Value**: For the cost of a cup of coffee each month, a companys' email files, calendars, attachments and tasks can be protected against the threat of ransomware, accidental data loss, or sabotage.

**Fills a Backup Performance Gap**: Office 365 doesn't backup deleted emails for more than 30 days. Dropsuite gives you uninterrupted backup coverage in the cloud, with unlimited storage and retention.

**Gain Peace Of Mind**: Threats to company data have never been higher. In the same way businesses insure their companies from liability, fire damage or theft — every business needs to be backing up their emails.
