Sustainable Silicon Valley is thrilled to announce our 5th water event

# NAVIGATING

## Bay Area Water Emerging Technology Solutions

Distinguished speakers will share their insights, experiences and visions at this highly interactive event focusing on transformative technology and the policy necessary for implementation.

The event brings together 150 water leaders and decision makers from local government, tech companies, agencies and water technology companies.

The day will include:

- ◆ Inspiring examples from tech leaders
- ◆ Informative panels and speakers
- ◆ Networking breaks
- ◆ Creative policy solutions
- ◆ Lunch with round table seating
- ◆ Wine and beer reception

**We welcome you to be a part of this exciting event!**  
Register soon • Limited seating

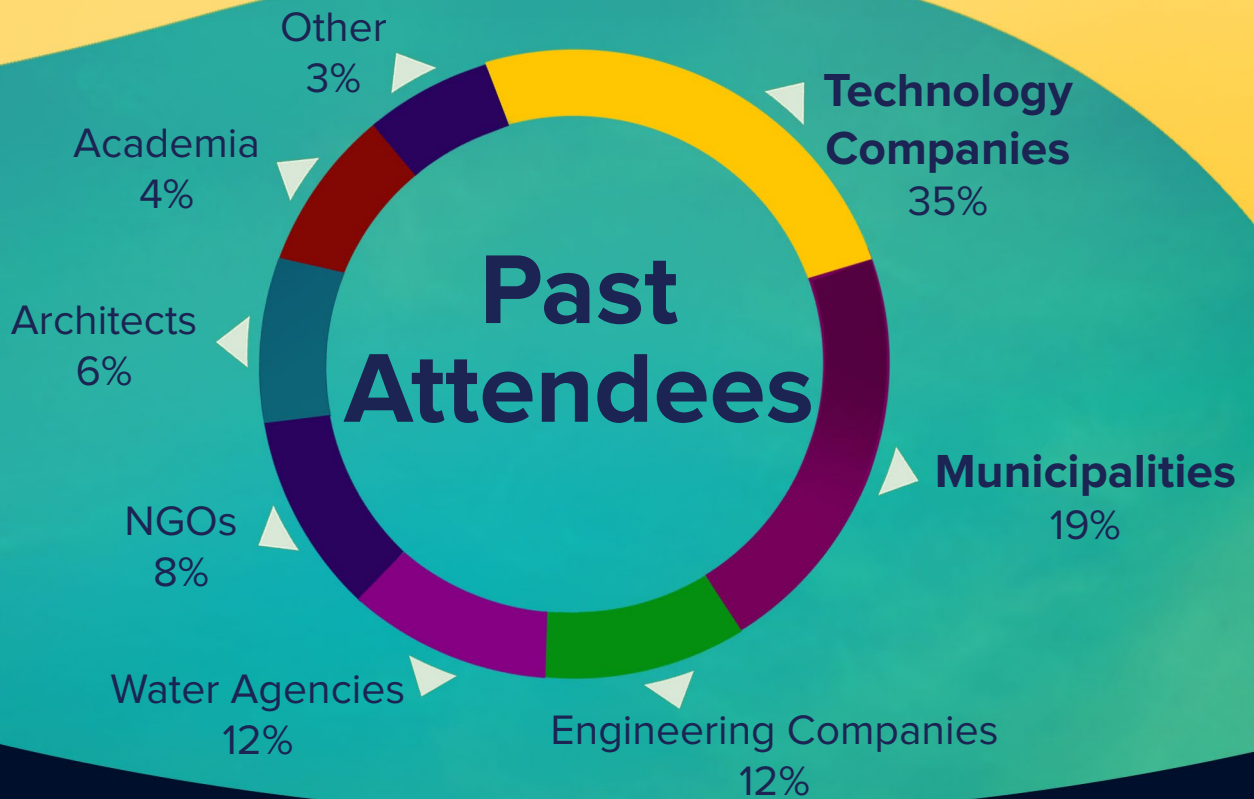

## Reasons to Attend

**Network** with government leaders and industry innovators

**Learn** about other innovative products, services and projects

SSV's past water events have attracted hundreds of attendees. 90% of attendees responding to our survey cited the symposium as having "highly exceeding their expectations" or being "above their expectations."

*"This is where the leaders in water meet"*
