Cardiovascular Imaging Society Announces its 22nd Annual Scientific Sessions

SCMR formally releases the Scientific Sessions information and highlights noteworthy sessions

MOUNT ROYAL, NJ – January 9, 2019 – The Society for Cardiovascular Magnetic Resonance (SCMR) announces its [22nd Annual Scientific Sessions](#), themed “*Global CMR: Innovation and Clinical Outcomes*,” emphasizing the goal of expanding outreach to the broader and more global CMR community. The four-day event taking place February 6-9, 2019, is being held at the Hyatt Regency Bellevue in Bellevue, Washington, located on Seattle’s Eastside.

“Attendees will see new program offerings, including special early career sessions, a Vanguard Session of global CMR and joint sessions with the top cardiovascular societies from around the world,” said Program Committee Chair Dr. Allison G. Hays. “We will also feature an enhanced program with new offerings, career networking opportunities and more state-of-the-art imaging science that our members have come to expect from SCMR.”

Highlighted sessions and features of the 22nd Annual Scientific Sessions include:

- **National Institute of Biomedical Imaging and Bioengineering (NIBIB) sponsored inaugural joint session** highlighting ground breaking cardiac magnetic resonance research
- **Vanguard Session** focusing on international cardiac magnetic resonance experience at high volume centers
- **SCMR/International Society for Magnetic Resonance in Medicine (ISMRM) Co-Provided Workshop** on the Emerging Role of Machine Learning in Cardiovascular Magnetic Resonance Imaging
- **[CMR Certification Examination Preparatory Course](#)**, new to the Scientific Sessions program this year

The Scientific Sessions are attended by over 1,300 physicians, scientists, technologists and others who work in the fields of cardiology and radiology. The [full program](#) is available on the SCMR Scientific Sessions site.

Media passes can be obtained by contacting [Lauren Schoener-Gaynor](#). If you are a member of the media but cannot attend the meeting, interviews can be arranged with presenters upon their agreement.

For more information on SCMR, its studies and programs, visit scmr.org.

About the Society for Cardiovascular Magnetic Resonance (SCMR)

The Society for Cardiovascular Magnetic Resonance (SCMR) is the recognized representative and advocate for physicians, scientists and technologists who work in the field of cardiovascular magnetic resonance (CMR). SCMR is the principal international, independent organization committed to the further development of CMR through education, quality control, research, and training.

Membership has grown to over 2,600 - which includes cardiologists, radiologists, technologists, scientists, engineers and administrators from around the world.
