

YOU ARE INVITED TO ATTEND

# PUZZLED BY LEGIONELLA & WATERBORNE PATHOGENS?

## Solutions Workshop for Healthcare

Get practical information and evidence-based solutions from experts in public and environmental health, engineers, microbiology and infection prevention.

Discover the ins and outs of developing water management plans that comply with New York regulations, ASHRAE 188, and CMS. Understand regulatory requirements and expectations from local and state health officials.

Participate at interactive learning centers including: microbiology of *Legionella* and waterborne pathogens, how cooling towers work, how plumbing materials and building design can contribute to *Legionella* colonization, and more.
