### **Terry L. Mathis named in National Safety Council's Top 10 Speakers**

*The CEO of ProAct Safety was included in the elite list of top-rated presenters from the 2018 educational program.*

(The Woodlands, TX – May 8, 2019) Terry L. Mathis, CEO and Founder of ProAct Safety, a recognized pioneer of leadership and safety excellence strategies, was included in National Safety Council's **highest rated speakers** based on attendee evaluation responses.

"It has been a privilege and pleasure to speak at NSC over the past many years and to share ideas and success stories with my fellow safety professionals," says Mathis. "I find that such sharing generates synergy that spawns new ideas and approaches to preventing workplace accidents. I like to think of myself as a thought leader in safety, but admit I learn as much from my peers and clients as I teach, and I have come to truly value that interaction and continuous improvement. We seek to be the researchers who will, one day, find solutions for all accidental injuries."

Mathis is set to co-present case studies with client companies at the 2019 Congress in San Diego:

**SEP 10** How Kohler implemented BBS enterprise-wide through an Internal Consultant Model

**SEP 11** The Power of FOCUS: How directing safety efforts toward a few critical issues led to excellence

Look for Mathis's think piece about safety culture maturity in an upcoming issue of NSC's S+H Magazine.
