ProAct Safety's Galloway to Speak on Pursuing Safety Excellence in Keynote for the Pulp and Paper Safety Association

Shawn M. Galloway, ProAct Safety president, will discuss the four core components needed to achieve safety excellence at the 76th annual PPSA Safety and Health Conference.

(The Woodlands, TX – June 13, 2019) ProAct Safety, a recognized pioneer of leadership and safety excellence strategies, announced the company's president, Shawn M. Galloway, will present a keynote session titled "Pursuing Safety Excellence – The Four Core Components" at this year's [PPSA Safety and Health Conference](#). The presentation will take place on 25 June 2019 at The San Antonio Marriott Riverwalk in San Antonio, Texas.

“Organizations that have basic safety programs in place usually take one of two paths: either they turn their attention away from safety to other priorities, thinking their safety performance is adequate, or they turn their attention to true safety excellence. Unfortunately, many who seek excellence simply try to do the basics better. They do not realize the thinking and programs that got the organization from bad to good in safety will not take it from good to excellent.” Galloway will discuss the four core components needed to pursue safety excellence.
