

# Science. Technology. Engineering. Art. Math. Cart.

Meet the BioFit STEAM cart: The versatile mobile learning platform specially designed to help educate tomorrow's innovators.

Used to transport resources between classrooms or as a standalone multipurpose activity center, its rugged, kid-friendly construction and flexibility make the BioFit STEAM cart a popular solution in today's most progressive K-12 learning environments and maker spaces alike.

## Features & Benefits

- Two, large 4" deep trays provide plenty of space and keep gear secured during transport
- Twin side-panel pegboards for holding tools, supplies and more
- All-steel welded construction – tested and proven in tough industrial settings
- Dual-wheel casters rated at 100 lbs. each for a total cart capacity of 400 lbs.
- Durable powder-coat finish in many popular colors stands up to years of use
- Nimble, smooth and ready to roll, with a compact profile ideal for confined spaces
- 13-year warranty helps schools of any size to maximize their bottom lines
- Overall size: 38"H x 28"W x 17"D
