PROTECT SOCIAL SECURITY BENEFITS

If you don't file your taxes and are self-employed, your income will not be reported to the Social Security Administration. You can land yourself in major trouble and reduce the chances of getting credits or benefits.

CLAIM A REFUND

If you don't file your back taxes, you will not be able to get a refund. You must go for the back taxes file to get a refund for the taxes. So, make sure that you make no further delays when it's about filing back taxes.

AVOID LOAN ISSUES

Wherever you go for loans, the approval will be delayed if there is a tax debt against your name. You will have to submit tax returns before getting a loan, and by not filing back taxes, you will reduce your chances.
