

The Covid-19 pandemic has created unprecedented social and economic disruption. Some organizations have sped up their digital transformation initiatives in response to the disruption. Others are cautiously holding off on digital transformation initiatives in order to manage their resources.

## Cloud Now. \_\_\_\_\_ *Pay Later.*

Wharfedale created the Cloud Now – Pay Later initiative to help SAP customers undergo critical SAP Cloud Transformations without compromising near-term cash management. This initiative is a vehicle for:

### Relief

No upfront cloud migration costs, 180 days of deferred payment, and better cash management

### Resilience

Realize agility, a greater capacity for innovation, and operational efficiency with your mission-critical SAP landscape

### Resurgence

Improve business performance and secure your position in a restructured market
