## ***Equipment Today* Magazine Reveals 2021 Contractors' Top 50 New Construction Products**

Fort Atkinson, WI (September 9, 2021) – *Equipment Today*, the nationally recognized equipment magazine serving commercial construction contractors, announces the 2021 most favored new construction products in the eleventh annual [2021 Contractors' Top 50 New Products](#) awards.

The editorial teams from *Equipment Today* and ForConstructionPros.com compiled product inquiries and web page views from new products featured in *Equipment Today* over an extended 16-month period due to pandemic influences, from March 2020 to June 2021. Winning products represent the leading edge of innovation, quality, efficiency and productivity in the construction equipment field today.

“The products recognized by the annual **Contractors' Top 50 New Products** awards represent what contractors are seeking most to boost profitability on their construction projects,” asserts Becky Schultz, *Equipment Today* editor. “Despite an unprecedented timeframe, with intense distractions and complications stemming from the pandemic, this year’s products were able to capture the attention of *Equipment Today*’s audience and ForConstructionPros.com site visitors, demonstrating that contractors see them as highly capable of improving performance, efficiency and productivity on their jobsites.”

*Equipment Today*, produced by AC Business Media, congratulates the following companies and products identified as **Contractors' Top 50 New Products** award winners. Additional information on the winning products can be found in the September issue of *Equipment Today* and online at [ForConstructionPros.com](#).
