

*One stop online access to more than 100 Las Vegas and Grand Canyon tours and easy "Print and Go" tickets are now available through TourCorp.*

*Las Vegas NV October 14, 2005* One stop online access to more than 100 Las Vegas and Grand Canyon tours and easy "Print and Go" tickets are now available through TourCorp.

TourCorp announced today that sightseeing, hiking, adventure, helicopter and VIP tours of Las Vegas and the Grand Canyon are available for immediate booking at its newest tour website. The company offers one of the largest selections of Las Vegas tours and vacation activities on the Internet and allows purchasers to print out tickets, thereby saving them time that would otherwise be spent in ticket lines and on the telephone.

"With so much to see and do in Vegas, it's easy for visitors to get bogged down in vacation planning. Our Web sites provide straightforward access to everything a tourist wants to see," explained President Brian Huber. "No waiting in lines to buy tickets. Go to one Web site, buy tickets for three different tours, print them out, and just show up for the tours."

The site <http://www.buylasvegastours.com> offer an exceptionally wide range of tours of: Las Vegas, Grand Canyon, Red Rock, Mining Towns, Hoover Dam, Zion, Bryce Canyon, Valley of Fire and Western ranches. Visitors can select from tours via Helicopter, Hang Glider, ATV, Jeep, Luxury SUV, River Raft, Motor Coach, Sightseeing Plane, Horseback, Kayak, Mountain Bike or on Foot. Destinations include a wide array of sightseeing activities and adventures of The Vegas Strip, Hoover Dam, Grand Canyon and expeditions to Red Rock Mt Charleston and Zion.

As a representative of Las Vegas's leading tour companies (Pink Jeep, Heli USA, Incredible Adventures, Adventure Photo, Boulder City Adventures, Eaglerider, Hike This! and Desert Fox among others), TourCorp is able to provide one-stop access to the widest array of tour options available.

"Our goal is to get people to reserve before their trip so they can relax when they arrive," Huber said.

About TourCorp Inc.

TourCorp Inc. was established in 2003 and has quickly become a leader in online tour ticketing. With a dedicated design and development staff, we continue to launch easy-to-use Tour and Travel Web sites. Tour Corp now offers Tour Ticketing, Call Center and Box Office Tour and Activity Ticketing for major attractions, tour operators, and travel sites.
