**Crouch, Slavin & Company Acquires Tulsa-Based Total Resolutions**  
***Crouch, Slavin & Company adds strength to accounting application practice with complementary acquisition of Accounting Software Division of Total Resolutions.***

**Tulsa, OK – November 15, 2005** – Crouch, Slavin & Company, a leading professional services firm offering HRMS and accounting applications to businesses in the Southwest, today announced its acquisition of Total Resolutions' Accounting Software Division, a group focused on accounting applications for small to medium-size businesses. Total Resolutions also ran a Peachtree Authorized Resource Center, which was also acquired.

"We are excited to bring on both the talented consultants of Total Resolutions and their impressive client base," said Gary Crouch, president of CS&Co. "Total Resolutions is well known for their work with Sage Software's MAS 90 and Peachtree products." The addition of clients brings CS&Co's total client base to over 600 businesses. Total Resolutions has been working with Sage MAS 90 ERP and Peachtree for 15 years, thus expanding the resources that CS&Co already has in place.

Total Resolutions clients will benefit from many of CS&Co's client-facing programs including: Solutions, CS&Co's annual client conference; dedicated phone support consultants who staff the help desk every day; and its account manager program, serving the non-technical needs of clients. In addition, CS&Co's expertise in human resource management systems, time and attendance and payroll will benefit businesses in terms of greater productivity and efficiency.

Ron Smith, Total Resolution's Vice President of business software and support, will become Manager of CS&Co's accounting applications group. In addition, Brandi Clymer, CS&Co's senior consultant has been promoted to Manager of the HR, PR and Time and Attendance group. Both will report to Shawn Slavin, Vice President of Services.

To accommodate the growth, CS&Co will double their office space and include a new Training Center to be utilized for client training.

**About Crouch, Slavin & Company**

Crouch, Slavin & Company offers complete business management consulting services to companies wanting to increase internal efficiencies through proven technology applications. CS&Co's two-pronged approach features up front due diligence ensuring a proper recommendation and a detailed methodology ensuring a successful implementation. CS&Co's background spans several decades of experience centered on accounting processes, tax compliance, employee benefits and information technology. Our consultants have a shared skill set of relevant experience and product expertise. CS&Co has selected to work primarily with products developed by Sage Software and Unitime. CS&Co is committed to maintaining the highest ethical standards and professional growth through its active involvement in the American Institute of CPAs, the Information Technology Alliance, the Sage Software Leadership Academy's Alumni Association and the Oklahoma Society of CPAs.
