

## Personalized Products and ePictureGift.com Join Forces

*PersonalizedProducts.com merges with ePictureGift.com for increased presence in the digital photo gift market.*

Dallas, Texas (PRWEB) November 22, 2005 --PersonalizedProducts.com Inc., a manufacturer of luxury photo pillows, photo purses, and photo tote bags announced today they will merge and consolidate advertising under the name ePictureGift.com.

Personalized Products is a direct-to-market retailer whose unique luxury photo gifts have enjoyed phenomenal success in the last year. The personalization of each photo pillow, purse or tote bag is done at their facility in Dallas, Texas. The merger with ePictureGift.com will give Personalized Products a stronger presence in the digital photo gift market.

Teann Nash, founder and President of Personalized Products, said, "The timing of this merger is important as we wanted it to be in place for internet holiday gift shoppers. We believe that by merging we will continue to have a dominate presence in the photo gift and photo handbag market. Cherished and unique Christmas gifts are often hard to find at affordable prices. With this increased exposure the consumer will be able to locate our personalized picture gifts much easier."

The founder of Personalized Products has over 10 years experience in product design and manufacturing. "We've added a gift certificate to our site this season that the recipient can use to design their own photo pillow or handbag," said Nash. ePictureGift.com also increased their production capabilities this year to ensure a three day turnaround on orders. This year company intends to take orders for Christmas delivery as late as December 20th.
