Objectivity. Insight. Experience.

KPMG Corporate Finance provides results-oriented financial advisory services through a uniquely collaborative approach to working with its domestic and global clients.

Investment Banking	Private Equity	Advisory Services & Financial Opinions	Special Situations	Global Infrastructure & Projects
We complete more M&A transactions globally than any other financial advisor.	We build deep relationships with private equity firms and other capital providers.	We offer valuation, fairness opinion and other transaction-related services.	We assist companies and constituents through the distressed M&A process.	We have a global infrastructure and projects advisory team focusing on the U.S. P3 market.
