Dear Point Blank,

I have wanted to send your company a heart felt thank you. I am a soldier who served in Operation Iraqi Freedom and I was badly injured on 16 Dec 03 by an RPG that took my left hand and nearly my life. I have no doubt in my mind that had it not been for my vest I would never have survived the attack. Anyway not too sure of how many of these your company gets but I personally wanted to say thanks and thank you all for your hard work, research, and development that is currently responsible for saving lives in the war on terrorism. Please keep up the great work. I know that there are many other soldiers injured like myself that are alive and recovering thanks to you all. I hope that America will discover just how much this company has done for our soldiers and in the war on terrorism.

Sincerely,

Sgt. Gary Dowd
