Radically Different Short Sale Training Taking Industry by Storm

*Agents are Learning to Work on their Short Sale Business, Not in It!
Translation = Greater Efficiency, Productivity and Success*

AUSTIN — June 15, 2010 — The CDRS Short Sale Certification, launched by America's Home Rescue in 2008, is changing the way real estate agents are facilitating and managing their Short Sales. "Having spent the last 7+ years in the trenches working Short Sales, our team has seen just about everything there is to see. It's our years of front-line experience in managing our own Short Sale business that brings the greatest value to our training program.", says Michael Spickes, CEO of America's Home Rescue.

The CDRS Short Sale Certification provides agents with the necessary tools, resources and training needed to navigate the ever-changing landscape of today's market. "As business owners, real estate agents must learn to treat their Short Sales like a business. They need systems and processes in place to decrease time delays and inefficiencies. These systems and process will streamline the Short Sale transaction through to a successful closing.", says Stacy Spickes, President of America's Home Rescue.

Dee Spraker of One Stop Realty said "You say you have taken other Short Sale classes - well if you have not taken this one you still don't have all the Nuts & Bolts! This program goes so much further than any others that you may have taken."

Unrivaled Short Sale Education

Katherine Muhs of Coldwell Banker Mammoth Real Estate said, "Finally! A course at a professional level offering practical and useful information based on real-life experience. No real estate for dummies here!"
