

# **Attention:**

**Accredited Investors**

**Hedge Funds**

**Private Equity Firms**

**PIPE Facilitators**

**All Other Funding Sources**

*Princeton Corporate Solutions has "Pre IPO" investment opportunities available for qualified funding sources.*

## **Here are the Facts about our Free Investment Referral opportunities:**

1. 100% of our clients are in the 'Going Public' Process
2. 100% of our investors are placed on the S1 for 'Non Restricted' trading post public
3. Deep 'Pre Public' discounts per share (on average .10 to .35 cents per share pre public) with Public offering price of .50 cents +
4. Built in exit strategy post public upon investor request
5. Powerful Investor Relations strategies to create a market for the new stock 'Quickly'
6. We use a strategy of combining: General Corporate Publicity, 'C' Level Executive Publicity for a global industry expert reputation build and Individual Product and Service Portfolio Publicity wraps using TV and Radio expert panel discussions and viral publicity promotion for the most powerful and rapid market build and corporate globalization process in the industry.
7. Strategic Alliance Facilitation for clients which means 'Global Expansion' at triple the speed!
8. We create a corporate structure, pre and post public expansion strategy, post public 'growth via acquisition' strategies, board of director advisory, 'C' Level executive search, globalization positioning and facilitation and more so that the client company is built to last while simultaneously creating investor and shareholder confidence for market stabilization and perpetuated growth.
9. All pre public investors and finance sources are kept up to date with weekly video presentation with information on the latest alliance formations, S1 comments stages, audit info, 15c211 and FINRA info.
