- General and job specific screening questions
- Complies with EEOC & OFCCP requirements
- Secure login

Candidates Can

- Check application status
- Apply for new positions
- Update forms or documents
- Respond to questionnaires or assessments

Hiring Managers

All the information that the hiring manager needs to manage their role in the hiring process is available to them in AcquireTM. Hiring Managers can be given the option to initiate the job requisition, selecting description from a stored library of previous job postings. Once created job requisitions can be submitted for approval and then on to HR for posting.

It enables hiring managers to review the applicant's information, and immediately submit feedback. The hiring manager can also designate appointment times for interview scheduling and coordinate the interview process with HR. After the interview, the hiring manager can approve the candidate for the position and initiate the job offer process. Hiring Managers can also remove the candidate from the selection list and initiate the appropriate follow up actions via email or follow up letter.

- **Initiate the job requisition and submit for approval**
- **Review resumes, applications, applicant profile**
- **Approve or remove applicants**
- **Initiate the job requisition and submit for approval**
- **Coordinate interview scheduling**
- **Provide real-time feedback**

Reports & Analytics

Whether looking at AcquireTM Professional's Web analytics or running one of the many reports, AcquireTM gives you the information you need to make informed decisions.

AcquireTM helps you meet your compliance goals. As part of AcquireTM's reporting we generate a comprehensive report containing all the required information outlined in the EEOC and OFCCP regulations. By incorporating the required fields into the applicant tracking database, Acquire automatically saves all activity associated with your candidates and applicants directly in the system.

"We look forward to showing you all that **AcquireTM** has to offer with a comprehensive demonstration. We'll answer any questions you may have and show you why Acquire should be your next choice for a Talent Acquisition System."
