

State of Tennessee

v.

Sharyn Elizabeth Bovat

(My "legal" name is Sharyn Bovat)

Case # GSC3714

MOTION TO CHANGE THE VENUE

Sharyn Bovat the defendant fears not getting a fair trial in Franklin.

The defendant has been fighting a "Good Ole Boy" network in the community for over a year that is "deep rooted" in the Williamson County Community

In November Sharyn Bovat started a website which led to the halt of school rezoning in Williamson County. That website www.wcs-stop-excessive-rezoning.com is still "active". Had her "thoughts" not been correct the rezoning would have happened, the district today would not be going out of its way to perform their duties in a transparent way, and the county would have sent her a Cease and Deist in November had it not been somewhat "factual". Sharyn Bovat is grateful that the schools listened yet feels those associated with the "deep rooted" Good Ole Boy network are "out to get her".

Bovats has it documented "many" times that the man who "swore out" the warrant has harassed her for OVER a year.

Respectfully submitted,

Sept. 1st 2010
