How Do You Achieve Accounts Payable Automation Using Software-as-a-Service?

How Do You Achieve Accounts Payable Automation Using Software as a Service?

Join Us for a 45-minute Webinar

When: Thursday, October 7, 2010

2:00PM EDT | 11:00AM PDT
45-minute Webinar

Presenter: Rob DeVincent, Vice President of Product Marketing, Corcentric

Enterprises have been attempting to bridge the automation gaps that persist in the back office where people, paper and process collide. In this Webinar, you'll learn how Corcentric bridges the Accounts Payable automation gap through ZeroTouch invoice handling and Straight Through Processing. You'll also discover how your AP Department can dramatically improve operations and drive out costs using an industry best Software as a Service model. This free Webinar from Corcentric will explore the automation gaps that occur in the AP process.

You'll then find out how accounts payable automation can be used to:

- Combine industry best practices with AP imaging and workflow
- Achieve the benefits of Straight Through Processing
- Manage exceptions when invoices do not match
- Develop approval workflow using Delegation of Authority rules
- Interface with your ERP system using Business
