

# DriveSafe.ly® 2.0

## The #1 Mobile App for Texting While Driving

### What is DriveSafe.ly®?

Mobile app for BlackBerry®, Android™ and other mobile platforms that reads your TXTs (SMS) and emails aloud in real-time and enables voice response, without drivers touching the mobile device while driving. With DriveSafe.ly® you can stay connected while keeping your hands on the wheel and eyes on the road.

### Who uses DriveSafe.ly®?

Everybody! Students, families, and people of all ages, everywhere in the world... Every driver who uses a BlackBerry® or an Android™ Smartphone who wants to stay connected while driving safely.

### How to use DriveSafe.ly®:

DriveSafe.ly® is easy to get and easy to use. The application can be downloaded from [www.DriveSafe.ly](http://www.DriveSafe.ly) for both BlackBerry® and Android™ Smartphones. After few seconds DriveSafe.ly® will be installed and ready to go!
