

Earth Tech introduces the world's first **Sinkhole Stabilization Warranty™** that's guaranteed by the world's largest specialty insurance company.

Earth Tech is so confident in the quality of our stabilizations that we will guarantee them for 5 years after the work is finished. And we want you to be just as confident as we are. So we've teamed up with the largest specialty insurance company in the world. They stand behind this warranty as well, at no additional cost to you. So you gain an unprecedented level of certainty, and you know you've chosen the most experienced and trusted stabilization firm in the industry.

We have earned our reputation over twenty-plus years and thousands of successful sinkhole stabilization projects. Our track record has helped us secure the backing of a globally recognized insurance leader with an A+ rating.

That's what makes the Earth Tech warranty unique. Other stabilization companies may offer you a warranty, but they might not be in business down the road when you need them. Earth Tech's warranty is independently guaranteed, joining the resources of a stabilization industry leader with a giant in the insurance business.

Your family and your home deserve the best. Be certain with Earth Tech.

Be absolutely,
positively certain
about your
sinkhole stabilization.
Choose Earth Tech.

EARTH  TECH

The industry's first and only
independently guaranteed warranty.
