Silver Fortune Formula Course Launches New Affiliate Program

Program helps users maximize profits on every referred sale

FAIRFAX, Calif. – Dream Manifesto LLC, a company that provides [financial education](#) in the areas of wealth and investing, has launched its new, powerfully effective [affiliate program](#) for its Silver Fortune Formula Course.

The course provides a life-changing program that helps individuals actually capitalize on one of the most devastating economic periods in modern history with [silver investing](#). Through this affiliate program, marketers can earn up to half of the profits made from each referral that ends up being a sale.

“Our affiliate program is a great way to earn money by referring visitors to our website,” said Thomas Herold, CEO of Dream Manifesto. “It’s as easy as using your personalized reference link to promote our site through your own. Each time someone buys directly from us through your link, you’ll bring in half of the profits. I challenge website owners and bloggers to find a better deal through any affiliate program.”

Herold is well respected as a financial expert in today’s market. With decades of experience in trading and investing in precious metals, he has been highly successful in maintaining stability during the global economic recession. His book, "Building Wealth with Silver," was recently named one of the top 100 investment books on Amazon.com.

Through the new affiliate program, the Silver Fortune Formula Course aims to partner with affiliate marketers to help spread the word about its services. Through these partnerships, Herold is able to split profits with current investors, giving them 50 percent off each referred sale. Members of the affiliate network will also have access to their own exclusive members site, where they can track their referrals and see their profits grow.

“Our economic system has been in disarray for some time and it’s affecting more and more people every day,” Herold said. “It’s important for people to realize that there are still options out there that allow them to turn a profit. The best part about our referral program is that when you’re an affiliate, you’re not only making money, but you are also helping others find success.”

The Silver Fortune Formula Course was developed to educate individuals on the devaluation of paper money, which can bring the middle class into poverty. Precious metals, especially silver, preserve their purchase values, and the course shows how to invest in silver to increase one's wealth. At a time when the price of silver is down to \$30, from a high of \$48, there are tremendous opportunities for investments.
