HOW WE DO IT

At 1 Stop you are not getting just another maintenance company you are getting your own custom team to handle all of your needs. We craft a team of project managers to fit the need of your business that know the services you need and can give them the expertise that is needed to get the work done successfully. We use dynamic software solutions to manage all work, dispatch the best provider and get real time updates for each and every job. This allows our team to get you the best information possible to keep you on top of each job.

HOW IT HELPS YOUR BOTTOM LINE

At 1 Stop we have a diverse and substantial group of service providers both internally and externally. This allows us to provide you with the best price possible and many times providing a savings to your budget. We do this by buying services in bulk to get the best price. We have staff that is able to negotiate a great price and verify the service you will be getting is the best. By letting 1 Stop be your maintenance department it keeps your labor cost down and get the best staff on your side.
