

TELECOM EXPENSE MANAGEMENT ON YOUR TERMS

STREAMLINE OPERATIONS

IMPROVE PROFITS

REDUCE RISK

In a Nutshell: Most firms pay too much for voice, data and wireless services. Valicom offers a web-based software and a suite of services designed to increase visibility and control over your telecom environment while reducing costs. Customize a solution from our delivery options, ranging from fully outsourced to “do-it-yourself” with our web-based software Clearview. Let us help you save 10-30% of your annual telecom budget.

What we do, we do well. Since 1991, Valicom has excelled at:

- Telecom Invoice Auditing, Processing, and Payment
- Fixed and Wireless Telecom Inventory & Order Management
- Telecom RFP Creation and Contract Negotiation
- Web-based Telecom Expense Management Software

Credentials and Experience:

- Certified Woman Owned Business: WBENC — NWBOC — WOSB
- NAICS Code: 541618 — SIC Code: 8748 — CAGE Code: 3LJF4
- Experience in Manufacturing, Energy, Healthcare, Hospitality, Retail & More
- Over 20 Years in Business, Top Client Satisfaction Scores
- Vendor Independent - We work only for you!
