

## **About COLORBLEND<sup>®</sup>**

### **The COLORBLEND<sup>S</sup> Promise**

COLORBLEND<sup>S</sup> is a flowerbulb importer that provides the best varieties of top-quality, disease-free bulbs at wholesale prices that are guaranteed to bloom the first spring after planting.

### ***Our Roots are Bulbs<sup>™</sup>***

Tim Schipper, a third generation bulb merchant, founded COLORBLEND<sup>S</sup> in 1984 to sell top-quality flower bulbs directly to gardeners at wholesale prices. COLORBLEND<sup>S</sup> is a division of Schipper & Company, a family-owned business that formed in The Netherlands in 1912. Cornelis Schipper, Tim's father, brought the company to the United States following World War II, where he could often be found delivering bulb orders in his coupe sedan. COLORBLEND<sup>S</sup> still sells bulbs via its catalog and website to some of the same customers Cornelis visited 50 years ago.

### **Spring is Our Thing**

Today COLORBLEND<sup>S</sup> specializes in creating beautiful pre-blended combinations of tulip bulbs that create an explosion of spring color it calls, "NATURE'S FIREWORKS<sup>®</sup>." Thanks to a century of bulb experience in The Netherlands and the United States, COLORBLEND<sup>S</sup> takes the guesswork out of how to create a jaw-dropping spring flower display through its theory of "randomnaity." Whether grouped by size, bloom time, color, or shape, COLORBLEND<sup>S</sup> offers its customers bulb combinations designed to flower simultaneously in random, yet controlled patterns that will turn any garden into a showpiece. As flowerbulb experts, COLORBLEND<sup>S</sup> has mastered the art and science that goes into creating gorgeous spring bulb gardens.

### **Celebrate Tulips Year-Round**

COLORBLEND<sup>S</sup> is a proud sponsor of the Amsterdam Tulip Museum, which traces the fascinating history of the tulip from its wild roots in Asia and the Himalayan Highlands, to its commercial cultivation in the Dutch Lowlands.
