TESTIMONIALS

"We just moved to Manhattan for two years while my husband goes to graduate school, and one thing I insisted on bringing with us was a three-month supply of Wise buckets, which I'm stashing in different spots around the apartment. With a three-year-old and one on the way, it's comforting to know it's there in case of emergency."

— HEIDI FOSS, NEW YORK, NEW YORK

"Our past food storage experience has been a process of storing and wasting. No matter how hard we tried to rotate and use our storage, we always ended up with cans of expired food. With Wise Food Storage, we are done . . . and we don't have to worry for the next 25 years."

— CHRISTOPHER SHILL, LAYTON, UT

"We went four days straight eating nothing but Wise food, and our kids loved it; they didn't get tired of it . . . In fact, while eating the cheesy lasagna, one of my twin five-year-old boys turned to me and said, 'Dad, this is the best noodles you ever made!' . . . My wife and I are kind of picky eaters, and we really liked the meals. They didn't have the aftertaste of other freeze-dried food we've tried. We were pretty pumped about that!"
