What makes us different?

1. EXPERT SERVICE

We are not just order-takers. We are experts in the field of commercial and industrial pumping equipment. For more than 25 years, our veteran engineers have been working with the largest distributors in the United States to deliver customized solutions to companies of all shapes and sizes.

2. HUGE SELECTION

We have more than \$8 million of inventory, in-stock and ready for shipment within 24 hours. We sell all types of pumps and are proud to say that our inventory is 100% manufactured in the USA.

3. UNBEATABLE PRICES

Our pricing is aimed to be the lowest for any equivalent products in the USA. If you find it somewhere else for less -- call us, we'll beat it.
