## About CA Clarity

CA Clarity is the leading Project/Portfolio Management solution available today. Continually rated in the top of Gartner's magic quadrant, CA Clarity provides organizations with a perfect balance of Out of the Box (OOB), plug-and-play functionality and configuration. No matter what your organizations Project/Portfolio Management needs, CA Clarity will help you achieve them.

## flexible solutions for your business needs

## A&I CLARITY SERVICES

Our Project and Portfolio Management Practice is a strong team with expertise in all Clarity modules and capabilities. We can work with you in many ways: providing full end-to-end project management for a Clarity implementation, improving an existing implementation, or by simply providing skilled resources to fill in gaps at key stages in the process. We also offer hosted Clarity solutions to assist in rapid deployments.

## RiseUP Clarity

This Clarity quick start methodology leverages A&I expert product knowledge, extensive customer experience and proprietary Clarity toolkit to provide a fast and effective Clarity PPM implementation. Our Clarity consultants apply a pre-configured best practices, solution that allows for a rapid and highly adoptable PPM system that achieves immediate returns and high ROI

## ADVANCED INTEGRATION SYSTEM WIZARD (AIS)

Rapidly deliver system integration projects in days, not months. Leverage reusable process templates and use a "configuration, not coding" approach to solve the entire lifecycle of your integration. Provide the added flexibility of offering either on-site or cloud-based solutions.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?
