

Managing Environmental Compliance

Oct. 2-4, 2012 | March 19-21, 2013 | Oct. 1-3, 2013 | Atlanta | \$645 | 2.1 CEUs

Georgia Tech Professional Education helps professionals understand existing EPA regulations, how they can affect your company, and what you need to do in order to comply.

Three Ways You Will Benefit

1. Remove the guesswork

Learn what resources are available to help you decipher changing regulations.

2. Avoid costly fines

Identify what steps you need to take to apply EPA regulations.

3. Put it into action

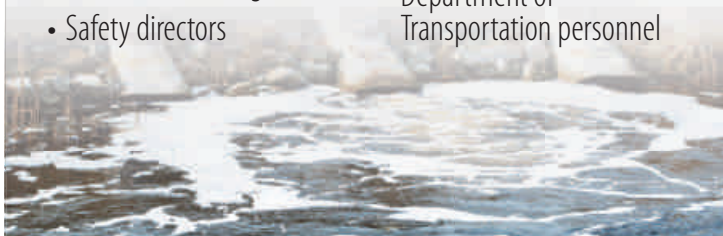

Instructors from Georgia Tech Research Institute — regulators and experts in their field — will help you discover how to spot potential environmental hazards and correct them before a problem occurs.

Who Should Attend

- Compliance professionals
- Environmental professionals
- Safety and health professionals
- Environmental engineers
- Safety directors
- Plant managers
- Environmental consultants
- Military installation personnel
- Nuclear plant personnel
- Department of Transportation personnel

Do you know ...

Enrolling in Managing Environmental Compliance automatically signs you up to pursue one of Georgia Tech Professional Education's well-regarded safety and health certificates.
