A-ligned to make the difference

A-lign™

...ment = { Security Compliance

A-lign Security and Compliance Services provides compliance based information security services to clients around the world.

A-lign With Us.

A-lign was founded on the key principle that an unparalleled client service experience is the greatest differentiator amongst professional service firms. Our greatest strength is that we focus specifically in delivering services to companies with regulatory or customer compliance needs.

PCI Security Standards Council ("PCI SSC") Qualified Security Assessor ("QSA") Company

As a PCI SSC certified QSA Company, A-lign is authorized by the PCI SSC to validate organizations' compliance with the PCI Data Security Standards ("PCI DSS"). Based on A-lign's experience assisting companies' to meet the requirements of the PCI DSS we have developed an efficient process enabling our team of professionals to assess your compliance with minimal disruption to your ongoing operations. In addition to PCI DSS assessments A-lign can assist you with additional compliance based needs including Federal Information Security Management Act ("FISMA") Assessments, Healthcare Information Portability and Accountability Act ("HIPAA") Assessments and ISO 27001 and 27002 Benchmarking Assessments.

Our Team of Professionals stands ready to serve you…

Our professional team has extensive information security experience including hands on experience implementing PCI DSS compliant security controls for merchants, processors and managed service providers. A-lign's executive team has a unique blend of experience as leaders in Big 4 accounting firms and payment card industry compliance functions. A-lign's professionals partner with their clients and are dedicated to their clients' success.

In addition to our tremendous experience, our professionals hold numerous certifications including:

- Qualified Security Assessor
- Certified Information Security Auditor
- Certified Information Systems Security Professional
- Certified Public Accountant
