

“PROTECTION WHERE IT MATTERS”, DOMESKIN ANNOUNCES 3D SKINS FOR APPLE’S IPAD MINI, IPHONE 5, AND MACBOOK PRO 13” RETINA.

Friday, October 26, 2012 - IRVINE , CALIF. — DomeSkin, the leading manufacture of mobile device skins releases it’s most innovative skins yet, DomeSkin, for the iPad Mini, iPhone 5, and MacBook Pro 13” Retina.

DomeSkin, made in California, are protective 3D skins for mobile devices, tablets, laptops and more. DomeSkins feature a very unique 3D “dome” design giving any device a exceptional look and feel. The patented technology and advanced engineering used in construction make DomeSkin the highest quality skin on the market. Created to enhance and improve device style with modern designs and bold statements, DomeSkins provide a unique look, slim profile and enhanced device gripping which prevents slippage and adds protection.

DomeSkin Dir, of Sales and Marketing, Grant Vollmer, is excited for the launch of iPad Mini DomeSkins along with the popularity and uniqueness of the new DomeSkin line. "With the clear 3D top coating and the advancements in quality engineering to produce them DomeSkin has reach a new level of quality and design with the launch of the iPad Mini DomeSkin. The DomeSkin line is highly reusable and adds great protection to mobile devices. We are proud to offer our customers a large variety of designs and a huge device selection, he said."

The new collection of DomeSkin for iPad Mini debuts today online and is available in unique, stylish and popular designs to match all individual personalities at, www.domeskin.com. The website also highlights the new collection of skins for the iPad Mini and also the iPhone 5 which are all making a splash in the accessory market with a sophisticated style and advanced quality engineering.

All DomeSkins can be easily removed from the device and come off totally clean thanks to the patented 3M technology used in the construction of the skins. Removing the skin will not damage the skin, device or design.

DomeSkin is scratch-resistant and much more durable than other skins on the market. For this reason, the DomeSkin warranty will not expire during the lifetime of the device to which it is initially applied. The DomeSkin offers the advantage of a soft layer of “skin” to gently protect the device without unnecessary bulk—the result is a smooth, form fit which mobile device users love.

The DomeSkin product assortment provides a fantastic look to any device and starts at retail price of only \$19.99 for most devices.

DomeSkins come in hundreds of designs suitable for everyone’s personal style, while providing excellent value. DomeSkins are the perfect blend of protection and contemporary style and are available for immediate purchase at: www.domeskin.com
