

## ::datasheet Mandatory Compliance Education for Health Plans

**Finally, Mandatory Compliance Training that is Simple & Affordable**

### **Mandatory Compliance Education Made Easy:**

You know there are mandatory regulations to follow as a health plan; however achieving it can be time-consuming and costly. Now it's quick, easy, and cost-effective with BridgeFront's turn-key education package that covers all your compliance needs.

Take courses 'as-is' or modify them to suit your specific organization. For one low price, you can enroll, notify, remind, and report on all your mandatory compliance education.

### **Mandatory Compliance Package Features & Benefits:**

- Quickly edit courses to fit your needs
- Create your own courses to add to ours
- Set due dates and send email reminders automatically
- Access courses from any internet connection
- Report, view statistical graphs or download progress and result data
- Retain training records online for seven years - free

### **Make our Education 100% for You**

Developed for ease of use, the Online Education Center (OEC) allows you to deliver staff online education the way you want it. Here's what you can do:

- Access our Online Education Center by just opening a browser
- Complete any course with just a click of a mouse
- Edit many of our courses to include your organization specific information
- Upload your own (SCORM) courses, even from other vendors
- Build your own courses and quizzes from scratch
- Connect your Learning Management System (LMS) to ours

### **Expert Authors:**

Courses are written to be quickly understood, most can be completed in just 20-30 minutes. Quizzes insure retention.

### **No Software Needed:**

No software to download - no IT support needed.

### **Course Features & Benefits:**

**Online Education Center Access**—Employee and Manager access to via simple unique login.

**Compliance Courses**—A turn-key curriculum package includes all the courses you need as a health plan to meet your mandatory compliance requirements. Simple to understand and complete.

**Course Editor**—Non-technical online editor allows you to modify course pages, even add new ones for your organizational needs.

**Course Builder**—Allows you to build and deliver your own courses from our Online Education Center.

**Reporting**—Easy to view and create custom employee course status reports every step of the way.

**Certificates**—Printable "Certificates of Mastery" upon successful completion of courses.

**Due Date & Email Reminders**—Set your own completion due dates for courses and automatic emails will be sent as reminders.

### **Testimonial**

"We rely on BridgeFront's online training to ensure all employees understand the key regulations that are relevant to NCQA. The ability to quickly assign someone a course, and track course progress and completion, makes the process seamless."
