

# Solid design and construction for easy installation in new or existing applications

- Plumbing is pre-installed
- Tub fits through standard 25-inch doorway
- Cabinet base accommodates installation of water lines and drain
- Design supports hookups from any part of the cabinet base
- Pre-drilled frame of water-resistant 5/8" laminated wood won't swell or warp from moisture
- High-quality European-style hinges and durable door slides are included
- Cabinet height can be adjusted plus/minus 3 inches for a door entrance of 17 to 23 inches
- Tub can be ordered without cabinet fronts to allow for on-site cabinet matching or tile front
- Nailing flange for alcove installation available
