SINCE 1984 INDUSTRY LEADER

An industry leader since 1984, Jet Edge has been manufacturing quality waterjet systems since the technology's very beginning. Our experience gives us the expertise to help our customers solve their toughest challenges. Year after year, you can depend on Jet Edge to be there for you.

PROVEN

- 1984** Jet Edge, a subsidiary of Possis Corporation, enters the waterjet market with a 2500 bar mobile line and 3800 bar precision cutting line.
- 1991** After retreating Iraqi troops set fire to Kuwait's oil fields, coalition forces use Jet Edge portable waterjet equipment to cut off oil well heads.
- 1994** TC/American Monorail purchases Jet Edge from Possis Corporation.
- 1998** Jet Edge purchases Chukar WaterJet Gantries.
- 1999** Jet Edge builds a new 100,000 square-foot facility in St. Michael, MN
- 2007** Jet Edge introduces 6200 bar X-Stream intensifier pump technology.
- 2010** Jet Edge and Chukar Waterjet help stop Gulf oil spill with special underwater water jetting equipment.
- 2011** Jet Edge opens sales, service and showroom office in China.
- 2012** Jet Edge receives Minnesota Governor's International Trade Award.

INNOVATIVE WATERJET SOLUTIONS SINCE 1984

WATERJET SYSTEMS

LEGENDARY PUMPS

**2500 BAR, 4100 BAR, 6200 BAR
22-209 kw
ELECTRIC & DIESEL
INTENSIFIER & DIRECT DRIVE**

Diesel

Direct Drive

X-Stream

**WIDEST RANGE OF PUMPS
IN THE INDUSTRY!**

**"Jet Edge waterjet intensifier pumps are the best
there are. They are the Rolls Royce
of ultra-high pressure waterjet pumps."**

Jet Edge

WATERJET SYSTEMS

CUT VIRTUALLY ANYTHING!

PRECISION WATERJET SYSTEMS

- Many Sizes Up to 9m x 30.5m
- Multiple Cutting Heads
- Beveling
- Zero Taper
- Mirroring
- Industrial PC Controller
- Industry Leading Precision & Accuracy
- Sturdy Gantry Design Eliminates Vibration
- Ball Screw Driven for Higher Accuracy
- Industry-Leading Warranty

PRECISE

MOBILE

During times of crisis, Jet Edge equipment has been relied upon to get the job done: The Gulf of Mexico Oil Spill, the Kobe Earthquakes, the Kuwait Oil Fires. We were there.

- ▶ Diesel and Electric Pumps -30-280hp
- ▶ Modular Pumps for Tight Spaces
- ▶ Linear and Pipe Cutters
- ▶ Circle Cutters
- ▶ Waterjetting Lances

CUT SAFELY. Jet Edge mobile waterjet equipment is ideal for use in hazardous environments. It also offers an eco-friendly alternative to sandblasting for blasting away coatings in sensitive environments. No heat. No flames. No Heat-Affected Zone!
