

MARINE SR-Q

FACTS

- Available in Hybrid or Specter optical systems
- GORE Pressure Equalizing Vent
- Unbreakable Polycarbonate Lens
- A360 Aluminum Casting
- Durable UV 3800 Polyester Powdercoat
- Runs on 9 to 36 VDC
- 50,000+ Hour Lifespan
- Available in Spot, Flood, Wide and Driving optics
- Diffused version also available
- IP69K Certified
- EN 55015:2006 EMC Complaint
- MIL810-STDG Vibration Certified
- ROHS Compliant
- Patented Optics (6,986,593 b2, 7,114,832 b2)

The new Marine SR-Q (Single Row Quad) LED from Rigid Industries is a new multi-purpose light that uses the same compact design as the SR-M from Rigid. Just like the SR-M, the new Marine SR-Q will mount in nearly any location.

Be sure to select the Rigid Industries LED light that best meets your marine needs. Each marine grade LED light comes in an aluminum housing protected by an alidine and a three stage UV powder coating that work together to ensure that your light remains corrosion free. The spot and driving optics are for your long focused light beam needs, while the flood and wide optics are well suited for illuminating the boat deck or for providing visibility when docking.

But more importantly, the lumen output of the new Marine SR-Q is equal to the Dually/D2 Series! Limited lifetime warranty.

To order the new Marine SR-Q just call your Rigid Industries Sales Rep at 480.655.0100. For more information on the Marine SR-Q or any other Rigid product or accessory, visit rigidindustries.com and page through our 2013 catalog online.
