

Infrared Convection Oven

Family Favorites Ready When You Are

Cooking your food to perfection is just one way that the Frigidaire Professional™ Infrared Convection Oven helps make life more convenient for you. With a sleek, stainless steel design and Rapid Cooking Infrared Technology, the large-capacity Convection Toaster Oven makes it easy to produce family favorites quicker than ever before.

Features:

- **Rapid Cooking Infrared Technology** means no preheat time and quicker cooking overall.
- **Pro-Select™ LCD display with 8 Preset Cooking Options** allows users to toast, bake, broil, reheat and warm, or cook bagels, cookies or pizza with the touch of a button.
- **Easy-View Window** provides ample view of food as it cooks.
- **PowerPlus™ Convection** browns and cooks more evenly in less time.
- **PowerPlus™ Preheat** heats up fast to save time.
- **Adjustable Cooking Rack with reversible rack options** gives the cook more control.
- **Non-Stick Interior and Removable Crumb Tray** makes cleaning quick and easy.
