HEALTH CARE REFORM

Tax credits in 2014 will help make health insurance affordable for families with income between 100 and 400 percent of the poverty line.

2013 poverty guideline: \$11,490

\$20,000 ÷ \$11,490 = 174%

2013 poverty guideline: \$27,570

 $$150,000 \div $27,570 = 544\%$

Calculations are based on Federal Poverty Level Guidelines.

2013 guidelines are available from the Office of The Assistant Secretary for Planning and Evaluation at www.aspe.hhs.gov/poverty/13poverty.cfm#quidelines
