

# How to Collaborate in the Post PC Age

## Visit us at booth 556 and find out

### Exchange™ Collaboration Tables

Use the same table elements to form a range of interactive shapes! Optional flipIT® Workstations or flipIT Laptop Safe® may also be installed.

### iGroup® Collaboration Tables

Form great shapes for interaction!

#### iDrawer®

Secure compartment for iPad® and small devices. USB power and 110VAC internal. No more low batteries.

#### iPad flipIT®

Positioning in portrait or landscape. Keeps iPad® connected to power. Secure enclosure.

## Touching on many forms for Collaboration

Collaboration is the buzzword for education today, but it means something different to each educator and technology coach—especially when incorporating Touchscreen technologies—iPad, Kindle and Windows 8—into the classroom landscape. Visit LEXXPO Booth 556 and see SMARTdesks' iPad flipIT®, iDrawer®, flipIT Laptop Safe®, armPad™, and PadMount™ solutions.

Explore unique Collaboration Furniture, too: Quint™ 5-sided tops that nest together to form collaboration groups. On casters or glides, fixed height or height adjustable. iGroup® Tables form a myriad of interactive shapes, as do the larger scale Exchange™ tables. Our classroom design team is ready to help you specify and arrange your learning space today. This essential service is offered online without cost or obligation.

### Quint™ Collaboration Tables

Shaping collaborative conferencing & education in the 21st Century
