

MPA Dictation

MPA Dictation - Our enterprise dictation product - takes the paper out of paperwork by converting voice to text. It extends the power of voice to text transcription to BlackBerry Z10 or Playbook, so now your mobile personnel can prepare and submit secure general reports, occurrences, intel and more, all via encrypted voice dictation. Officers speak into their BlackBerry Z10 or PlayBook, then receive a secure email with a voice-to-text transcription to review, save and send to their enterprise Records Management System.

Get voice-to-text for BlackBerry smartphones and PlayBook. Save time, gather fresh, detailed intel on the scene & trim steps with this secure enterprise mobile reporting app. Convert voice to text, verify, send & store all data securely within the enterprise.
