

TRAINING COURSE DETAILS

Stores Inspection And Procedures

INTRODUCTION

The EASA 145 / GCAA 145 Stores Management and Inspection System is an essential element of the 145 approval. It must be managed and staffed by trained and competent staff. This training is designed to cover all elements which are essential to the effective management and operation of a fully compliant store.

This in depth 2 day training is designed to provide attendees with:

- A detailed practical understanding of the requirements to Manage and Develop an Aviation Store.
- To provide a regulatory and industry perspective for staff involved in Stores Management and Receipt Inspection.
- Develop the attendees understanding of airworthiness and Receipt Certification principles including Electrostatic Inspection.
- To Develop procedures for use in Stores and Goods Inspection. To review the problems associated with bogus parts.
- The trainee must demonstrate an understanding the subjects covered
- The course meets the intent of IOSA (MNT 4.5.6 The Operator shall ensure each maintenance organisation that performs maintenance for the Operator has a training programme that provides for initial and continuation training for receiving inspectors) and Part 145 Stores Inspection competency training.
