

AIMS Power Modified Sine Inverters are your high volume, high value inverters for every day use. Modified Sine Inverters are tough, long lasting and inexpensive. These inverters are available in a wide variety of inputs and outputs.

Whether it's your **Home, Boat, Car, RV, Semi** or anything else, this line of inverters is perfect for any application without breaking your bank. Most customers utilize our 3000 Watt Inverter Charger (PWRIC300012W) or 5000 Watt Inverter (PWRINV500012W) in their **RV's, Fifth Wheels, Toy Haulers or Yachts. Big Rig Drivers** like to utilize our 2000 Watt Inverter (PWRINV1800W) as it's the maximum recommended size inverter for their Truck. **Commuters, Preppers, Food Trucks, Caterers** and much more can enjoy AIMS Power's largest and most versatile inverter line ever!

## Small/Mobile Inverters

Model #	Watts
PWRINV75R	75W
PWRCUP120	120W
PWRINV150W	150W
PWRINV400W	400W
PWRINV800W	800W
PWRB1000	1000W
PWRB1250	1250W
PWRINV1250W	1250W
PWRIC1500W	1500W
PWRINV1800W	2000W
PWRB2500W	2500W
PWRINV250012W	2500W
PWRINV250024W	2500W 24Vdc
BCT010009D	2500W

## High Output Inverters

Model #	Watts
PWRIC300012W	3000W
PWRIC300024W	3000W 24Vdc
PWRINV300012W	3000W
PWRINV360012W	3600W
PWRINV500012W	5000W
PWRINV5K22050	5000W 220Vac
PWRINV500024W	5000W 24Vdc
PWRINV500036W	5000W 36Vdc
PWRINV500048W	5000W 48Vdc
PWRINV5K24012W	5000W 240V
PWRINV8KW12W	8000W
PWRINV10K12W	10000W
PWRINV12K24W	12000W 24Vdc

## Large Modified Inverters

Available in 3600, 5000, 8000, 10000 and 12,000 watts. 5000 is also available in 240Vac.

### Features

Continuous Output	3600, 5000, 8000, 10000, and 12000 watts.
Surge Capacity	2x for ~40ms
DC Voltages Available	12V, 24V, 36V and 48V
AC Voltages	120V. 240Vac available on 5000.
LED Meters	Reads battery voltage and Draw percentage.
Thermally controlled fans	Over temp protection
Direct connect	120v Terminal

Your Address Here

## Modified Inverter Chargers

Available in 1500, 3000 12 Volt and 3000 24 Volt. All units come with Transfer Switch and Charger.

### Features

Continuous Output	1500 or 3000 watts
Surge Capacity	2x for ~40ms
DC Voltages Available	12V, 24V on 3000 watt
AC Voltages	120Vac
LED Meters	Reads battery voltage and Draw percentage.
Thermally controlled fans	Over temp protection
Direct connect	120v on 3000 Watt Inverter Chargers. Standard Plugs Only on 1500 watt

## Small Modified Inverters

For your light duty use in cars, trucks and semi's. Available from 75W to 2500W.

### 75 Watt Inverter

Plugs directly into your cigarette lighter so you can have power on the go!

### 800 Watt Inverter

Includes cables for a direct connect to the battery for a clean and permanent installation in your boat or car!

### 1250 Watt Inverter

Great Mid-Power for your higher draw appliances! Digital LED Meters for battery level and use percentage!

### 2500 Watt Inverter

Great for most applications! Perfect for emergencies to cover almost all mid-sized appliances! Generator alternative!
