Enabl3D™ Video Wall Applications

Thin bezel 46" glasses-free 3D video wall in various configurations

Enabl3D™ Software

2D/3D content powered by Fuzion

Seeing is Believing

- Glasses-free 3D technology has been in development by Magnetic 3D and its partners since 2007, with a focus on innovating the digital signage and marketing industries:
 - Magnetic 3D's technology provides a superior viewing experience over the competition and remains backwards compatible for seamless playback of 2D and glasses-free 3D content

Glasses-Free 3D Technology
(Enabl3D™)

Since seeing
is believing,
we bring the 3D
to your office
so you can see it
for yourself.

Life is Better in 3D for Southern Comfort

California: A one-month campaign for Southern Comfort at Ralphs stores in California yielded a 181% increase in sales for the brand over the same time period the previous year.

Chicago: The Southern Comfort campaign ran for a 90-day campaign in the greater Chicago area.

Over 70% of the shoppers in this retail environment elongated their shopping experience because of the glasses-free 3D display:

- ✓ 61% watched for over 15 seconds
- ✓ 19% watched for over 30 seconds
- ✓ 20% watched for over 60 seconds

The network of stores using the Magnetic 3D display had a rate of sale over 20% higher than the rest of the designated market.

* Independent media evaluation done by Precision Research Company in June 2011. Interviews took place in 6 of the 15 promotional accounts in the greater Chicago area.

More Winning Case Studies

- Participating accounts grew Woodford Reserve depletions by a total of 116% during the November/December 2011 timeframe and were collectively up 84% on Woodford Reserve FYTD
- In comparison, these accounts outpaced the growth of the Off-Premise General Market (+40.1% FYTD)

OCT 2011-JAN 2012: Ten account locations in Chicago and surrounding areas
Source: Brown-Forman Internal Reporting

- Over 1.5 million combined impressions (eye-tracker) over four-week run period
- Average of 10 seconds of stationary viewing time (dwell time)

MAY-JUN 2009: Three display locations in Manhattan, NY

Strategic Services and Capabilities

With the help of a full-service team comprised of talented individuals, Magnetic 3D can easily customize each of its services to meet your brand's needs:

Environments

We design and build high-quality custom environments, start to finish, or provide screens for use in existing product displays.

Campaign Management

We can provide as much campaign management as you require. We are with you every step of the way, from concept to execution.

3D Content

We can convert your 2D print and TV content into glasses-free 3D, or modify your glasses-based 3D assets into glasses-free 3D.

Research and Reporting

We provide a number of reporting and research services and also offer services such as facial recognition software for qualitative client data capturing.
