

## Press Release – 7<sup>th</sup> July 2013

Devry Smith Frank *LLP* ("DSF") is a law firm of over 50 lawyers based in Toronto, Canada's business and financial centre. The firm offers a wide range of legal services to its individual, business and personal clients.

Founded in 1964, DSF started as a two-lawyer operation practicing primarily in the areas of real estate and small business. Since then, it has grown to over 50 lawyers supported by over 60 paralegals, law clerks and support staff. Its practice areas include corporate commercial, residential and commercial real estate and real estate development, corporate and individual tax planning, employment law, family law, commercial lending, recovery and secured-debt enforcement, commercial litigation, insurance litigation and personal injury law. The firm has expertise in industries as diverse as financial services, service companies, professional services, technology, mining and not for profits.

DSF's offices are located outside Toronto's downtown core, but still within central Toronto. Its offices are easily accessible and this location allows them to offer legal services at considerably more cost-effective rates than the larger national firms within the downtown core. It also provides an alternative for clients who wish to avoid traveling downtown to consult their professional advisors.
