

SUPERIOR MARK EXIT MARKING KIT INSTALLATION

Supplies needed:

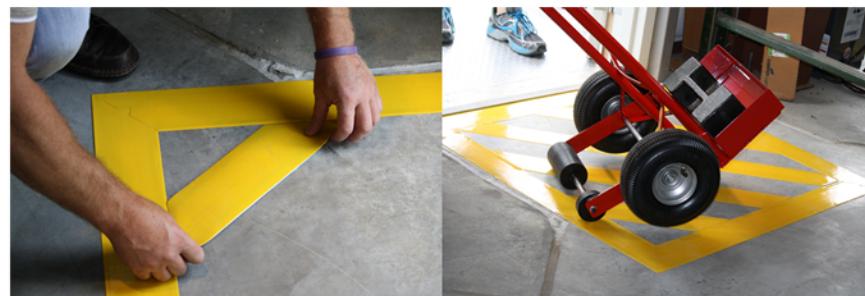

- Floor Degreaser or Alcohol
- Rag or mop
- Tape measure
- Tamper cart or hand truck (optional)

1. Clean floor with alcohol based cleaner, or InSite Solutions Floor Degreaser.

2. Install the first side of the box, flush with the door plate. Connect the puzzle cut edges to form the second, third and fourth sides of the box. Leave the 3rd corner unstuck until the 4th side is ready to join, adjust as needed.

3. Install the center hash mark.
4. Lay out a tape measure to evenly space the other hash marks.
5. Tamp with tamper cart (optional)

Our easy 9 piece kit creates eye catching floor marking pattern to keep exits clear and visible.

Fast 10 Minute Installation!
