

Edvance360 LMS-SN™ Releases Continuing Ed 2.0

CODiE Award Winner releases new phase of the Continuing Education Module in latest release, further enhancing granular controls and customization levels for administrators within the Certificates Tool.

(Virginia Beach, VA – July 2013) Edvance360, a leading provider of [eLearning solutions](#), one of the [top ten tools for online teaching](#), as well as 2011 winner and five-time-finalist for the CODiE Award for Best Course or Learning Management System, just released a new update to Continuing Ed Module/Certificates Tool, further granular controls and customization levels for administrators.

“It’s always a pleasure to see how tools develop over the past eight years,” said Cathy Garland, Vice-President of Marketing and Sales for Edvance360. “Partnering with our clients – all of our clients – ensures the tools within Edvance360 LMS-SN are flexible and usable. Our clients enjoy high usage rates across the board on all our tools because we consistently hear what they have to say and incorporate their suggestions to continue to improve.”

To access a tutorial on the Certificates Tool, go to <http://youtu.be/Rbkiq3sh4zw>. Continuing Ed 2.0 now includes the following enhancements:

- New option allows for setting the default font size for certificates
- Macros have been enabled for inserting dynamic text within the text portions of the certificate
- New option has been added for suggesting default settings, which is helpful for new users to start with a suggested template
- Certificate editor has been updated to an improved layout to more clearly understand what is being edited and more easily update the style
- Certificate styles may now be previewed after editing

About Edvance360

Edvance360 is an internet-based Learner Management System (LMS) and secure social network that enables schools to implement a successful online academic program. Edvance360 equips schools, corporations, and organizations to host online courses, implement modular courses, and revitalize

residential courses to make them more interactive. Edvance360 was designed by professors for professors, with input and oversight provided by many of the leading educational design experts, relational-learning experts, and partners.

Edvance360 provides an easy-to-use interface for students and faculty, course management and creation tools, hands-on training, fanatical support, a secure social network, Web 2.0 tools, and collaborative communities to help educational institutions build a networked learning environment.

Our clients enjoy a high return on their investment, personalized support, and customizable solutions. We do not believe a one-size-fits-all approach is beneficial to our clients, so we are steadfastly committed to adapting Edvance360 to fit the needs of the rapidly changing world of education.

Our team members are experienced educators whose vision is to provide an easy to use, affordable, learner-centered LMS that enables students and faculty to engage in collaborative learning process. All features in Edvance360 contribute toward engaging students in critical thinking, network building, and life-long learning habits.

Edvance360 is headquartered in Virginia Beach, Virginia. For more information, please visit Edvance360.com or call 866-458-0360.
