In-House Data Preloading

- USB Promos can preload files or marketing materials onto your custom USB flash drive for your end users.
- Supply us with the documents such as Microsoft Office files, presentations, PDFs, images or audio files and we will preload the data onto your drives for you.
- Preloading is also available for individual client data like medical, legal or financial documents.

In-House Turnaround Time

- We can produce up to 1,000 of seven different USB flash drive models in 24 hours.
- When an inquiry is made, a mock up design is sent to the client for approval.
- Once the mockup is approved, the custom USB drive order is sent to production and shipped in as little as 24 hours.

24
HOURS

In-House Shipping

- RUSH delivery- USB Promos can ship for expedited delivery via overnight or by a two-day air service. Ground shipping is also available.
- Drop Shipping- We offer a drop shipment service if you need to send drives to multiple clients. We will split up the products and ship to each client for you.
- Customized Individual Orders- We can also customize packing differently for each client you need the product shipped to.
